Join JANM's Young Professionals Network for their annual post-Gala Dinner celebration. The After Party is an opportunity to mingle with friends, colleagues, Dinner guests, and National Museum leadership. Come and meet other young professionals while learning more about the Museum's efforts to engage younger, diverse audiences.

All proceeds from this event will support the Museum's Bid for Education program which covers bus transportation costs and admission fees so that tens of thousands of students annually can learn about the Japanese American experience.

About the Young Professionals Network (YPN)

Under the auspices of the Japanese American National Museum's New Leadership Advisory Council, YPN organizes philanthropic and social events for young professionals interested in community-building, volunteering, and promoting the Museum's mission to preserve and share the Japanese American experience. Members of YPN receive exclusive benefits and advance notification of the many unique opportunities to connect and explore their own cultural heritage and identity.

To join and be a part of this dynamic group, or for upcoming events information, contact ypn@janm.org.
