When the first RX 450h hybrid luxury utility vehicle was introduced in 2005, it made a statement. Of all the ways to begin shaping the future of the automobile, none was more important than simply beginning. More than one million Lexus RXh models have been sold worldwide, making it the most successful luxury utility vehicle. Now, multiple generations of hybrid technology later, the original luxury hybrid is even further ahead of its time. Find out more at www.lexus.com.
