How to Participate in the Silent Auction

- The silent auction will begin promptly at 5:00 pm on Saturday, April 13, 2013.
- Guests are assigned a Bid Number to use during the silent auction. Your Bid Number will be given to you at the Registration Table.
- A Bid Sheet is displayed with each auction package and includes the package title, value, minimum opening bid amount, and bid increment. You may bid on as many items as you wish.
- To bid on a package, simply write your Bid Number, Name and Bid Amount on the appropriate Bid Sheet.
- Each Bid Sheet lists a Bid Increment, which is the minimum value by which the existing bid must be increased in order to constitute a higher value bid. All bids must be in even dollar amounts. **Bids below opening minimum bids will be increased appropriately.**
- The auction will begin closing at approximately 6:45 p.m. **Serious bidders should stand next to auction bid sheets until an Auction Coordinator picks up the bid sheet. Not all bid sheets are picked up at the EXACT closing time.** An Auction Official will certify the closing bids, and the highest valid bid will be declared the winner.

#2007 For the Cigar Aficionado

This package includes 15 Victor Sinclair box-pressed sampler torpedo cigars, a trendy travel humidor, a flask that doubles as a cigar holder and a cigar cutter.

Since its birth in 1995 as a Dominican-American partnership, Tabacalera Victor Sinclair has strived to produce distinctive, top-quality cigars at down-to-earth prices. We've put together a sampler of three popular Corojo blends, all handcrafted by genius blender, Jose Dominguez. The 55 Red is full bodied and ideally suited for the experienced smoker, made with a hearty Brazilian Galpaou wrapper, Dominican Olor binder, and a unique blend of Cuban-seed Olor from the Dominican Republic, Brazilian Bahia, and Nicaraguan Ligero long fillers. Bohemian Red Corojo was the first cigar on the market to utilize a Cuban-style Corojo wrapper. Full-bodied, it features a blend of Dominican Piloto Cubano Criollo '98 and Corojo and Dominican Olor sheathed inside a Brazilian Corojo wrapper. Bohemian Revolution, with its double capa (two wrappers), was a true innovation when first released. The full-bodied Bohemian Revolution more than lives up to its name.

#4023 Rokform v3 Golf Shooter

The Rokform® Golf Shooter™ gives pros and amateurs alike the ability to view their golf swings without expensive equipment, the Golf Shooter for the iPhone 4/4s lets you instantly mount your iPhone 4/4s for steady swing recordings on and off the course. The Golf Shooter simply sticks into the turf while the iPhone is securely mounted using the award-winning Rokbed™ v3 protective iPhone 4/4s case that is included.

This golf-shaft device for recording videos with your iPhone might easily become the most important club in your bag. Most golfers really don't like to see video of their swing mainly because it looks about as much like a tour pro's as a muni layout resembles Augusta National. But the only way to really improve your understanding of the flaws in your swing is to study it

Developed with the help of teaching pros, the Golf Shooter pole fits in your bag just like any other club. Your iPhone easily attaches to it with a twist after putting it in the device case (in fact, the high-quality Rokform v3 protective case can double as your regular case). Stick the shaft end in the ground either 10–12 feet directly behind you on your toe line or an equal distance to the side perpendicular to the ball and you're good to go. You can download one of the many free or low-cost swing apps out there, like Swingreader with such features as a 10-second countdown, super slow-mo, and the ability to "Telestrate" the recording with swing-plane lines, etc.

Kit Includes:

- Rokbed v3 Protective iPhone 4/4S case
- Machined from Billet 6061 T-6 aluminum mount
- Golf Shooter shaft
- Golf Shooter soft cover
- Designed, engineered and made in the USA

#5012 Toyota 2000 GT Artwork by Shin Yoshikawa

This drawing is signed by Mr. Yoshikawa.

Shin Yoshikawa is a man of many talents. He's a photojournalist, he's a car collector and he plays the piano rather well, too. Perhaps his most remarkable skill, however, is his ability to see beneath the skin of a car and reproduce, by hand, pen and ink artwork of classic and modern cars. Yoshikawa has quite a body of work, and has drawn both street and racing cars from over 20 different manufacturers. His art appears at the Petersen Museum in Los Angeles and the Blackhawk Museum in Danville, and Yoshikawa regularly attends art exhibitions from coast to coast.

#5016 "Free Spirit" Bronze Sculpture

An 11 x 9 out-of-edition bronze Bennett sculpture.

Bennett Sculpture is created by world-renowned sculptors Bob and Tom Bennett, identical twins who share a singular artistic vision.

Their work is unmistakable: brilliant forms designed in light, sculpted by hand, and cast in bronze. Bob and Tom's remarkable style - sleek, fluid, high polished bronze-was developed over the last 35 years and has come to captivate collectors from around the world.

Bennett Sculpture has developed a broad international following, and is collected by a wide range of notable figures, including famous actors, musicians, athletes, Presidents and Popes.

Their subject matter is diverse-spanning abstract designs, impressionistic forms, and streamlined human figures. While each individual sculpture is breathtakingly unique, collectively they are unmistakably Bennett Sculpture.

Born in Roseville, California, the Bennett brothers began their art career in 1969. They built a foundry to ensure that the production quality of their sculpture met the exacting standards of their original designs. In the 1980s, the Bennett's opened a span of art galleries in places such as Carmel, San Francisco, Beverly Hills, Palm Springs, Scottsdale, Honolulu, Dallas, Chicago, and Lake Tahoe.

However, the Bennett brothers yearned to get back to their artistic roots, so, in the late 1990's, they divested themselves of their foundry and galleries so that they could concentrate full-time on their art. Sadly, in April of 2003 Bob Bennett passed away. However, his spirit lives on in his art, and his brother Tom continues their remarkable legacy.

#5027 Limited edition, signed print by Artist Ben Sakoguchi, "Tokyo Babes"

AND "Drawing the Line: Japanese American Art, Design & Activism in Post-War Los Angeles" (DVD)

This print is a fine reproduction of his paintings digitally printed on archival resin-coated paper using pigment-based inks. Each image is the same height and width as actual orange crate labels: 10" x 11" (paper is 13" x 14"). We are offering this UNFRAMED only.

Ben Sakoguchi, one of the artists featured in the Museum's exhibition *Drawing the Line*, is a painter and printmaker who has lived in the Los Angeles area his entire life. After studying painting in the 1960s at the University of California, Los Angeles, he developed a distinctive style that is rooted in pairing a narrative painting tradition with a pop culture vocabulary. He is best known for his long running "Orange Crate Label" series, using the classic crate label format to explore diverse subject matter and to combine them in a way that allows for both sharp critique and wry humor. His work is deeply and politically engaged, and he takes a deep delight in the craft and beauty of painting itself. Sakoguchi was a professor at Pasadena City College for nearly 35 years.

If you wish to frame these, it is recommended that you leave a space between the surface of the print and the glazing material, either by inserting a window mat or spacers (narrow strips of mat board, plastic, or wood) can be used if you plan to "float" the print.

Drawing the Line was part of *Pacific Standard Time*, the unprecedented collaboration initiated by the Getty that included more than sixty cultural institutions from across Southern California. This exhibition was a survey of the diverse and dynamic contributions of Japanese Americans into the visual landscape of Los Angeles following World War II.

Included on this DVD are interviews with artists examining how Japanese American artists determined their particular creative directions in response to a unique set of post World War II social, cultural and political circumstances. Artists represented in the exhibition and on this DVD include Gidra, Matsumi Kanemitsu, Nobuko Miyamoto, Robert A. Nakamura, Linda Nishio, Ben Sakoguchi, Larry Shinoda, Qris Yamashita, Bruce Yonemoto, and Norman Yonemoto.

Running time: 43 min. For Home and Educational Use Only.

#5030 "To The Blue World" by Hideo Sakata

From the Closs Series

Oil on Board. Framed 20" x 30". Includes certificate.

Hideo Sakata In 1991 Mr. Sakata, with the assistance from Lee Kye Song, P. Kemraj, and Yoko Kamiyo, collaborated and founded LELA, (Lantern of the East Los Angeles). To this day, LELA's mission is to emphasize the points of unity between the East and West; drawing on the strengths of both traditions and cultures; it continues to have a global impact for its productive work dedicated to the arts and art education.

Since then, I have had the privilege of working with Sakata-san on a number of other international projects -- most of which have generously benefited the global artist community. I have witnessed his abundance of selfless energy and his undying willingness to sacrifice on behalf of his fellow artists. Sakata-san founded the "Lantern of the East" organization and made it a successful connection, a conduit, between artists all over the globe.

He has also given tirelessly to his local community of fellow artists in Los Angeles. Los Angeles is a place where artists thrive on "community" but don't always know how to create it, something that Sakata is an expert at creating. For me, Sakata-san has my full respect and admiration as a brilliant and noble artist. Indeed he personifies the fabric and sole of the a global artist community and continues his powerful legacy with a caring passion and a true love for the power of expression through the medium of art.
